It seems like we have to touch them all regardless because we don't know how many Protection gloves we received or when they came in, so the only course of action to figure out how many protection gloves we have is to go touch them all. Is that correct?

Hi Scott,

Its only how many are protection, not NBR Examination. We really appreciate all the assistance.

Subject: Re: [EXTERNAL] MedCare glove count

I was just talking with Vince and I want to be clear, they are only counting the "protection gloves". Can you clarify if you are asking for the "NBR Examination" gloves also? If so, can you explain the reason? This will add considerable work.

Thanks.

Brad,

As we've discussed, it is a significant ask for us to confirm the count of the Protection Gloves in every DC. To complete Jeffersonville, it took 60 man-hours @ \$30/Hr. So there is some cost we will need to negotiate. I have talked to Medline and they are going to start the additional counts. It will take a couple weeks.

Thanks.

Subject: [EXTERNAL] MedCare glove count

To: Vincent Moccio <vincent.moccio@theresourcegroup.com>

Hello Vince,

I assume you are well. Please help with the below request, very important.

Rock Fintek is in need of a confirmed count of MedCare Nitrile Protection gloves and MedCare NBR Nitrile Examination gloves.

MedCare has brought a couple buyers for the gloves and we need an accurate count as they are waiting for this information.

To help Resource Group replace the gloves, we do not want to lose these opportunities.

Please share the count that you have currently gathered, and identify where and what needs to be counted? We want to help get this accomplished.

Kind Regards,

Brad Gilling
